

## Index to Fastness Testing Methods

SLF	Method	IUF	Page No
1	Colour Fastness of Leather to Light	401/2	9
2	The Determination of Fastness to Heat of Coloured Leathers (BS 1006:UK-LA)		10
3	Colour Fastness of Marking-Off to Coloured Leather (BS 1006:UK-LB)		12
5	Colour Fastness to Circular Rubbing (Wet and Dry) of Light Leathers (BS 1006:UK-LC)		13
6	Method for the Determination of Fastness to Rubbing of Light Leathers Wetted from the Back with Organic Solvents		17
10	Colour Fastness of Leathers to Water and Artificial Perspiration		20
11	Test for the Adhesion of Finish to Leather (see also SLF 470)		23
12	Colour Fastness to Dry Cleaning (BS1006:D01)		28
105	Numbering Code for the Standard Methods of Test and Standards for Methods of Testing	105	30
120	General Principles of Colour Fastness Testing of Leather (Based on ISO 105)	120	31
131	Grey Scale for Assessing Change in Colour (Based on ISO 105)	131	36
132	Grey Scale for Assessing Staining (Based on ISO 105)	132	39
151	Preparation of Storable Standard Chrome Grain Leather for Dyeing	151	41
201	Approximate Determination of the Solubility of Leather Dyes	201	48
202	Fastness to Acid of Dye Solutions	202	50
203	Stability to Acid of Dye Solutions	203	52
205	Stability of Hardness to Dye Solutions	205	54
401	Colour Fastness of Leather to Light: Daylight (Based on ISO 105)	401	56
402	Colour Fastness of Leather to Light: Xenon Lamp	402	61
412	Leather - Fastness Tests – Change in Colour with Accelerated Ageing	412	67

<b>SLF</b>	<b>Method</b>	<b>IUF</b>	<b>Page No</b>
420	Colour Fastness of Leather to Water Spotting	420	74
421	Colour Fastness of Leather to Water	421	76
423	Colour Fastness of Leather to Washing	423	78
424	Colour Fastness of Leather to Formaldehyde	424	80
426	Colour Fastness of Leather to Perspiration	426	82
434	Fastness to Dry Cleaning of Small Samples	434	85
435	Fastness of Leather to Machine Washing	435	89
441	Colour Fastness of Leather in Respect of Staining Raw Crepe Rubber	441	92
442	Colour Fastness of Leather in Respect of Staining Plasticised Poly (vinyl chloride)	442	97
450	Colour Fastness of Leather to To and Fro Rubbing	450	100
452	Leather - Test for Colour Fastness – Colour Fastness to Crocking	452	104
454	Fastness to Buffing of Dyed Leather	454	107
458	Colour Fastness of Leather to Ironing	458	110
470	Adhesion of Finish	470	114
